Toys, Dolls, and Games

THE toy world was never more fully represented in one assemblage than it is in that now occupying almost an acre of space on our fourth floor.

It was gathered from the toy factories of the world, and it includes the inventions and handiwork of toy artists of every land where toys are made.

Here are games of every description, dolls of every nationality, and toys and toys, the most interesting, instructive, and wonderful that ever came to toyland.

Special attention is called to

Our W. & L. Dollar Doll

Which was made especially for us in Germany. It is not the largest doll we could get to sell for this popular price, but it is absolutely the best value obtainable in this country. It measures 22 inches in height, is full ball-jointed, has the finest quality bisque head, sewed wig of fine hair, moving eyes, exposed teeth, and the face is very beautiful and lifelike. You are requested to examine this doll carefully.

The following are exceptionally good values:

Healthy, Happy Children Ride the Irish Mail.

And it keeps them healthy and happy and builds up their little bodies.

Because it keeps them out in the sunshine. And the swinging movement of the body necessary to propel the car builds up broad shoulders, straight backs, well developed lungs, rosy cheeks and bright eyes.

The Popular Game,

"Diabolo."

WE HAVE just received a new shipment of the popular French game of "Diabolo," which has been all the rage this year in Paris, being played by old and young alike. The game, which is as simple as it is interesting, is only a sporting revival of the "Devil on Two Sticks" game, the origin of which is exceedingly ancient. It is one of the most interesting games ever put on the market. The practice of "Diabolo" is of itself an extremely attractive sport and one that develops the strength and muscles. Prices are 50c, 65c, \$1.00, \$1.50, and \$2.00.

With Celluloid Diabolo and two pairs of rods, \$3.50.

Picture Framing for the Holidays.

WE WOULD suggest to those who contemplate having pictures framed for Xmas that it would be best to bring them in now and avoid the rush that we always have two weeks before Christmas. We are better prepared to cater to your wants this year than ever before, as we have installed in our Picture Frame Manufacturing Department the newest patented machinery for the quick and accurate framing of pictures, and we guarantee perfect satisfaction.

We show about eight hundred styles of moldings for making frames to order, and, in addition, we carry a large variety of ready-made frames in all colors, sizes, and styles.

J., was Mr. Eckols' best man. J. Van Ness Ingram escorted his sister and gave her hand in marriage. The wedding party stood in a bower of palms and white chrysanthemums, and the same color scheme in decorations extended to the hallway and adjoining room. In the dining-room, where a buffet supper was served, the decorations were of polka-dot and palms. The bride was attired in a becoming gown of white crepe de chine over tulle, trimmed with Irish lace. A wreath of orange blossoms caught her tulle veil to her hair, and the bride's bouquet was a shower of white roses and lilies of the valley. The only ornaments worn were pearls. The honor maid wore a costume of sea green liberty satin trimmed with panne velvet and lace, and carried a cluster of Killarney roses. Mrs. Van Ness wore a handsome black silk gown trimmed with lace. Mrs. George Zinn Van Ness, of Atlanta, wore black crepe de chine, with touches of pale blue velvet and white lace, and Mrs. John Van Ness Ingram was attired in pink satin and duchess lace. ARNOLD GETS PURSE

Y. M. C. A. Worker Presented Cash and Lemon.

TWO HUNDRED AT RECEPTION

H. A. Thrift Presides at Big Entertainment and Commissioner Macfarland Praises Organization for Efficient Carrying Out of Details of Work Incident to Convention.

More than 200 persons attended the reception given by the board of managers of the Young Men's Christian Association to all those who took part in the work incident to the recent convention of that association in this city.

The entertainment was held in the large assembly hall on the third floor of the association building, in G street. H. A. Thrift, a prominent worker of the organization, presided.

Commissioner Macfarland, who is connected with the religious work, and who gave much assistance to the convention workers, was the chief speaker. He praised the association for the efficient manner in which every detail of the work incident to the convention had been carried out. He said he had received many letters from members of the association of this country and representatives of foreign countries commending the good work carried on by the organization, and praising the management of the convention. Mr. Macfarland especially commended the several committees appointed to arrange for the entertainment of the visiting delegates, and said they had succeeded in their work far beyond expectations.

Harry W. Arnold, who, for more than a year, has been director of religious work in the local association, told of the success of the evangelistic meetings throughout the city during the convention. He said that through the efforts of these workers more than 700 men had announced themselves as ready and willing to become Christians.

A pleasing incident was the presentation by Commissioner Macfarland to Mr. Arnold, who leaves the city for a Western tour in the interests of the evangelistic work of the association, of a handsome wallet, containing a substantial sum of money. The gift was a present from the association members as a token of their regard.

At the dinner given to Mr. Arnold in the early part of the evening by forty members of the association, A. N. Chesley presented the guest of honor with a "valise" purse, which consisted of a leather book with twenty-three pockets. Among the articles contained in the purse were a lemon, a railroad pass of the issue of 1905; chalk, nails, empty stamp book, etc. H. A. Thrift, who acted as toastmaster, called on the following members for addresses: Edward W. Hearne, George Otis Smith, Rev. Dr. Fishburn.

Others who spoke at the reception in the evening were Holcombe G. Johnson, chairman of the usher committee; S. H. Bryant, chairman of the entertainment committee; J. E. Pickens, press committee; Edward Hearne, local secretary of the association.

LECTURE ON MOORISH LIFE.

Burton Holmes to Finish "Travelogue" at Columbia Theater.

Burton Holmes closes his series of finely illustrated "Travelogues" this coming week with "Fez, the Capital of the Moors," as his final topic. No city in the world could offer a greater contrast to the up-to-date capitals of Europe, about which Mr. Holmes has been lecturing, than this decaying and barbaric city of Fez, isolated in the midst of roadless plains over which the tribesmen of Morocco hold sway.

Mr. Holmes will personally conduct his audiences by means of word pictures and his magnificent colored views and motion pictures—across these plains and into the very heart of the imperial palace in Fez, and will thence take them across the plains of the Beni-Hassan to Rabat.

Mr. Holmes obtained all of the important motion pictures ever taken in Morocco—a splendid series, showing Moorish life, not only in the seaports and on the plains, but also far inland, where the daily life has been unchanged for centuries. "Fez" cannot help but prove one of the most picturesque and interesting of the present series. This Travelogue will be given at the Columbia Theater next Sunday night at 8:30 o'clock, and on Monday afternoon at 4:30.
